

Nurture and Bliss - Retail Price List - Spring 2012

All prices are in Euro

Olives and Applesauce Baby Carriers (price varies depending on design)

Lovingly designed with experience and care, these wonderful carriers combine the very best in comfort, safety and convenience for mum and baby! Suitable from birth onwards, they come in a range of wonderful colours and fabrics and...unlike other similar slings, they have been designed for use without a chest clip, the annoying buckle that most structured carriers use to help keep the straps from sliding off your shoulders.

Totseat in Limestripe	€32
Totseat in Savannah	€32

Hippychick Hipseat

The Hippychick Hipseat is a back supporting belt, with an integral padded foam shelf, developed to allow adults to carry their children naturally on their hip without the usual

strains on the back. Specifically designed to address one of the root causes of adult back pain, the seat provides a firm shelf for the child to sit on and supports their increasingly heavy weight from underneath. Instead of twisting the spine, the back stays straight and the child is tucked into the chest on whichever side is more comfortable for the wearer, providing comfort and security for both adult and child.

Hipseat in Black	€49.95
Hipseat in Burgundy	€49.95
Hipseat in Navy blue	€49.95
Hipseat in Olive green	€49.95
Hipseat in Black	€49.95

Available in Black, Chocolate, Warm Red €77.95 each

Baby Sense Nurture Nest

Breastfeeding is a wonderfully bonding, intimate experience for many mothers, but one that can be marred by finding it difficult to achieve a comfortable position for your baby to feed in. The brand new, comma-shaped Baby Sense Nurture Nest comes to the rescue by providing a wonderfully cocooned environment for baby to rest in, that lifts and supports them in a position which enables mum to completely relax while feeding.

The ease with which mothers can position their babies for a good latch-on contributes to the success of feeding and establishing a breast milk supply. The Nurture Nest helps to place babies optimally, relieving shoulders as baby is held in the feeding position, and reducing the risk of backache.

Baby Sense Nurture Nest €25

Shoo Shoo Footwear

Shoo Shoos give your child's feet the healthiest start in life. The shoes are equipped with non-slip soles to help promote confident first steps and safe walking with no laces to tie-up or trip over. The non-constricting nature of Shoo Shoos baby shoes allow baby's feet to grow naturally. Shoo Shoos are recommended by footcare specialists. We have a wide range of wonderful styles to choose from which are all available in 4 sizes (0 - 24 months).
